Getting Started

Step One – Develop the Strategic Plan
The Louisiana GEAR UP Explorers’ Club mission is to:

"Encourage all Louisiana GEAR UP students to develop positive behaviors and achieve academic success through the enhancement of various opportunities of exploration; nurturing their pursuit of lifelong learning and improvements to themselves, their schools, and their community."

Create a clear written plan that defines how your Club will achieve this mission. As you develop a strategic plan please keep the following requirements in mind:

- Sponsors are required to facilitate two lessons per quarter
- Sponsors are required to ensure the Club hosts one event per quarter
- Each Club will elect officers
- Sponsors are required to demonstrate that an average of 20% or more of the school’s GEAR UP cohort participates in Club activities
- Sponsors will submit sign-in sheets and photos after each meeting, lesson, activity, or event as appropriate
- Sponsors are required to submit a strategic plan to Louisiana GEAR UP

Your written plan should describe how you intend to accomplish these requirements with measurable targets and deadlines.

Step Two – Attend the Summer Institute
A head start in elevating an existing Explorers’ Club or starting a new Explorers’ Club for the fall semester is to attend the Spring Leadership Conference and Summer Institute. If you are unable to attend, you will have the resources and support needed to run an excellent Club, however attendance is strongly recommended. At the Summer Institute you will:

- Develop a strategic plan for your Club
- Learn how to build support for your Club
- Share best practices with other Sponsors and stakeholders
- Learn how to use new Club lessons and tutorials
- Learn how to use Egnyte to upload club documents and download information and Cayen to track student participation
Step Three - Build Support, Promote, Recruit

It is important for Sponsors to remember that they are not alone in the pursuit of student achievement. The Louisiana GEAR UP staff, parents and coworkers are here to assist you with providing intentional and enriching experiences focused on preparing students for college and careers. Please feel free to use the Contact Information Sheet for any additional support you may need throughout the school year.

Here are some suggestions to help you build excitement and buy-in for your Club:

- Officers prepare and deliver a presentation to the school board about Club efforts
- Invite parents to a meeting when a lesson is being delivered
- Post pictures of an Explorers’ Club event on Facebook or your school’s website
- Send a press release to local media inviting them to cover your next event

One way to draw in potential members is to make daily or weekly announcements over the PA or television system in your school. These announcements should be upbeat, enthusiastic, and direct the students to additional information on what being an Explorer involves. These announcements should also provide information on when and where an informational meeting is going to be held, what details will be covered, and where information will be available.

Another way to bring in potential Explorers is to contact teachers and the advisors of student organizations within your school and ask them to suggest students to be recruited. These staff members have a unique perspective on the students they work with on an academic level, but also in relation to how the student interacts with others on a team. Once identified, these students can then be given an invitation to the information session.

Other approaches to promoting your Club include:

- Post flyers around the school highlighting the benefits of Club membership
- Get past members to encourage their friends to join (in person, on social media)
- Include Club flyers in a parent mailing
Step Four – Start Your Club

Below you will find the process for establishing a Club at your school:

1. Identify administrators that understand and support the mission and operations of the Club. Involve them in what you do from the start. Be sure to check with your administrators on the process for starting student organizations at your school if you do not have a current Explorers’ Club.

2. Gain the support of other educational professionals such as guidance counselors, teachers, teaching aids, custodians, etc.

3. Identify students eligible for membership.

4. Invite the eligible students and parents to an information session on the benefits of being part of the Explorers’ Club. At least 20% of the GEAR UP cohort is required to establish a Club.

5. Once you have registered your organization with the school and recruited your first members, complete your tracking information in Cayen and submit sign-in sheets to Egnyte.

Step Five – Hold Your First Meeting

The first meeting of the year is a chance to welcome back active members, orient new members to the Club activities, and get everyone excited for a great year! This meeting will be largely informational, so don’t worry about incorporating a lesson or activities this time. If possible, provide snacks and play music.

The first meeting agenda should include:

- Welcome all members with an opening energizer (see activity guide sample)
- Overview the purpose of the Explorers’ Club
- Lead a brainstorm session about expectations (What do members want to achieve? What expectations should members live up to?)
- Explain the officer roles and procedures for nomination
- Define meeting times and dates
- Register new members

**ACTION PLAN**

2018-19

School: ________________________________
Electing Local Club Officers

Officer roles are a good way to recognize your top performers and give them an opportunity to support and lead their fellow Explorers.

It is important to develop a clear vision for how you would like to elect officers so that you can promote this process right when school is in session - potentially at your first Explorers’ Club meeting. Utilize school announcements, host an information session, or have members nominated by staff and peers to fill these positions.

Promote this opportunity to serve as soon as school resumes. The sooner officers are in place and trained, the more time they will have to help take the program to the next level. When electing officers, we encourage you do so by your third meeting.

Each Club should have five officers that will help ensure the success of the program. The titles of these officers may vary, however the following are recommended:

- **President** – Plan and preside over meetings with sponsor, lead the creation of team goals in the Action Plan, serve as the primary student ambassador for the Explorers’ Club, and motivate the entire team.

- **Vice President of Club Development** – Recruit new members and ensure involvement of active members, coordinate and plan meetings and competitive events activities and involvement.

- **Vice President of Communications** – Lead the effort for all communications activity, update members on upcoming events and opportunities, track attendance and compile records forms, use social media and in-school methods to promote the Explorers’ Clubs activities and successes.

- **Vice President of Community Outreach and Advocacy** – Connect the various stakeholders of service efforts, prepare, implement and track community service and school improvement efforts, serve as the liaison to the administration, school board and parents of members.

- **Vice President of College Readiness** – Prepare the plan for college visits and tours throughout the year, coordinate Unlock My Future time for members and connect members to other resources for this effort such as school counselors, college prep advisors, guest speakers, etc.

We recommend that you elect five officers without specific titles in mind. This will become your officer team. Once the team has been identified students can select specific offices based on interest and skills. While each officer may focus on a particular area of effort, the team should work collaboratively to accomplish their goals. The primary responsibilities of the officer team are:

- Serve as a communication link between the sponsor and the club members
- Take work off the task lists of sponsors (requires proactive delegation)
- Represent the Explorers’ Club positively and with pride
- Offer support to other Explorers in pursuit of committee goals
- Motivate and inspire Explorers’ Club members to fulfill their mission
Expectations of Officers
Officers must be the example for other Explorers’ Club members in behavior, academics, and leadership. Below are some suggested expectations for Explorers’ Club officers. It is important to communicate expectations clearly from the start and hold officers accountable for their behavior.

- Attendance at all meetings is required for Explorers’ Club officers
- Officers must set the behavioral example in school
- Officers must have a minimum GPA of 2.50
- A positive attitude is required as an Explorers’ Club officer

Tasks for Officers
While roles and responsibilities will vary for officers, below are several examples of tasks officers can and should help complete.

- Helping complete Meeting Achievement Form and Meeting Attendance Records for all Club meetings
- Planning events or projects and completing Club Project / Event Records after each is completed
- Recruiting members to join Explorers’ Club
- Promoting the accomplishments of Explorers’ Club members
- Supporting advocacy efforts to build and sustain Louisiana GEAR UP programs

Selection
Officer candidates can be nominated or can self-nominate at your first few meetings. A more in-depth selection process may yield the best officers, but if you are forming a new club and want to make it easy for students to nominate themselves, that is also possible.

If you are planning to use nominations, teachers, administrators, or fellow Explorers can nominate potential officers for a leadership position. These nominations should be submitted by the second Explorers’ Club meeting of the school year so that a ballot can be created and candidates can be screened if necessary.

Officers can be selected by the sponsor, or elections can be held in a meeting where all members would vote. Be sure to clearly define expectations and responsibilities during the selection process.

When you think about promotion of your Explorers’ Club, social media outlets are probably at the top of your mind, and for good reason! Social media is an easy, fast and FREE way to get the word out to your students, parents, school and community about your Club. Connect with LOSFA via any of the following ways!
Promoting Explorers’ Club in your Community

One key to your Club’s success is promoting the program effectively within your school and community. Getting the staff and students excited and involved is essential to beginning and maintaining the energy and success of Explorers’ Clubs.

INFORMING PARENTS
Supportive parents are powerful tools for impacting your Explorers. Parents want to be informed and involved with their children’s education. Consider:

- Sending a letter of explanation and welcome to new student parents.
- Having a parents’ night before school starts with a fun and informational session. This is a good time to showcase the work you have done at the institute and share your presentation.
- Hosting an event for parents only where information is distributed and they can meet and network with other parents.

INFORMING YOUR SCHOOL COMMUNITY
Making connections with school board, administration, and other community organizations is important to making Explorers’ Clubs a transformational experience in your school. Consider:

- Sending teams of well-prepared students to present at local school board meeting following the completion of each semester highlighting the program’s success
- Having students stop in regularly to staff meetings to present to all teachers on happenings and progress of the program
- Sharing your team’s mission statement and goals with the administration
- Writing an informational memo to all teachers and putting it in their mail boxes the first week of class with the Action Plan for Explorers’ Club and what to expect
- Holding a welcome assembly the first month of school with welcome posters and banners highlighting creative ways to promote a college going culture

INFORMING YOUR COMMUNITY
The Explorers’ Club is a great public relations opportunity for your school. Show your community that you are committed to progressive education and a college going school culture. Consider:

- Writing a press release and sending it to all local media before an Explorers’ Club event and inviting them to film and report on the program (local human interest piece, “good news” story)
- Writing a follow up article and send it, along with photographs of the program to local media
- Presenting at local organizations such as: the Rotary, community board and organizations, other professional organizations

CONNECTING TO LOSFA
We are committed to the success of your Explorers’ Club. Remember to utilize our team as resources throughout the year!
Data Tracking

Data will help Sponsors to make decisions about how to best spend their time. This data will allow you to make adjustments to the strategic plan and help the Club stay focused on the big goals set early in the year. Sponsors will be required to track:

- Participation in Explorers’ Club activities
  - Meeting attendance
  - Lesson participation
  - Group project/event completion
  - Event participation
- Use of Egnyte and Cayen

In addition, it would be valuable for Sponsors to gather the following data:

- Academic data
- School attendance data
- High school graduation
- College acceptance

Required reporting procedures in each quarter are as follows:

1. Complete a Meeting Sign-in Form during each meeting
2. Complete the Meeting Achievement Form after each meeting
3. Complete a Project / Event Record upon completion of any Club project
4. Complete Journal Entries and upload into Egnyte and Cayen on meetings and projects identifying which students participated and providing explanations. For help and more information on what you should include in your Journal Entries, work with your Club Sponsor.
5. Complete a quarterly Sponsor report
6. Return all forms for the quarter to the Louisiana GEAR UP office one week following the close of the quarter via Egnyte and Cayen.
