## Who Orders Test Materials and Reporting Packages?

School or district customers may order materials for PreACT®.

- Standard time and accommodations test materials are available.

*Note: Pre-approval is not required before ordering accommodations test materials.*

- During the test materials ordering process, customers provide information about school-level reporting. ACT uses this information to automate the production of reports after testing.
- District officials wishing to receive district-level reporting must order test materials on behalf of their schools.

*Note to contract customers: Some contracts require districts to order on behalf of their schools to ensure that district-level reporting is produced. Check with your contracting entity before ordering.*

## When to Order Materials

Use the following points to order test materials according to your test date:

- It takes at least 10 business days for ACT to process and deliver test material orders.
- ACT recommends ordering test materials as early as possible, at least three weeks before the scheduled test date.

*Note: Requests to deliver test materials in less than 10 business days will require expedited shipping at the customer's expense.*

## Do I Need to Create an Account?

You do not create a new account if you have an account for:

- Ordering ACT Engage®
- Supplier Registration and Payment System (SRPS)

Use your established username and password to access the PreACT materials ordering system and skip ahead to the "Order Materials" section of this document.

## Create an Account

If you are a district official ordering on behalf of your schools, the email will list an answer document return deadline. This is the date on which your district reports will be generated. Please work with your schools to ensure ACT receives their answer documents before this date.
- Your test material shipment will be delivered by the Test Material Delivery Date you selected during the ordering process.
  - If your materials were shipped in multiple boxes, it is possible that all boxes will not be delivered at the same time. Please allow 48 hours for all boxes to be delivered.

*Note: Expedited orders placed late in the business day are not guaranteed to ship the same day.*

- Your email address may already be associated with another user.

**This is most commonly encountered if a generic email address is being used (e.g., administration@anyhighschool.k12.org). Contact ACT Customer Care to resolve this issue.**

- The system is designed to match any new accounts with existing contacts for particular schools or districts.
  - If the information entered is a partial match to data already on file for shipping or billing purposes, the system will be looking for an exact match on the first and last name.
  - The name you are entering may be a variation of the name we already have under the same email address; for example, if you were previously in our database as “Mike Smith”, you must create your new account using Mike, not Michael.

Please try again, with the following in mind.

- The challenge code is not case sensitive.
- It is not necessary to enter any punctuation.
- A new challenge code can be requested by selecting the refresh icon to the right of the entry field.
- You may select the speaker icon to get an audio challenge rather than a visual challenge.

**G. I haven’t received the email confirmation (or the link is broken/invalid).**

The activation email is an automatically generated message—there is a chance that it may be caught or delayed by a spam or junk filter.

- If you have not received the activation email within a few hours and cannot locate it in your spam or junk folders, another copy can be requested by selecting the “I forgot my password” option from the log-in screen, entering your email, and selecting the option to have the activation email resent.

- If you are not seeing your organization in the drop-down list, check under alternate spellings of the city name (e.g., a school in Saint Louis may be listed under St. Louis).

## Account Management and Ordering

If you do not find the answer to your question in the following guide, contact ACT Customer Care.

When contacting ACT Customer Care, be ready to provide your name and email address, and the name, address, and school/site code (if known) of your organization.

### A. I don't see the contract I'm looking for in the Program drop-down menu.

If your testing will be funded through a state contract, or similar external funding arrangement, you must select that specific option from the Program drop-down menu when beginning your order.

- If you believe you are attempting to order under appropriate contract guidelines and are still not seeing the contract you were expecting, contact ACT Customer Care for assistance.
