TOPICS:	GO Grant CARES Act Exclusion for 2020-2021 Academic Year

For the 2020-2021 academic year, the 60% methodology for calculating GO Grant awards will remain in effect; however, the Board of Regents has determined that CARES Act funding provided directly to students shall be excluded from this calculation. Your school's GO Grant packaging policy for the 2020-2021 academic year should be updated to include a statement to this effect. In addition, you should review your annual award amounts for full-time and part-time students.

Your updated packaging policy for the 2020-2021 academic year should be dated, and a copy should be sent to Joanna.Brumfield@la.gov.
