Funding for TOPS Awards is contingent upon appropriations.

Complete **ALL** courses in the TOPS core curriculum (19 units). Exceptions will not be granted even if a course is not offered at your school.

Upon graduation from high school, you must have attained at least a 2.50 cumulative Grade Point Average (GPA) on the courses used to complete the TOPS core curriculum, computed in accordance with program rules.

Grades earned for college credit courses taken while in high school through dual enrollment programs are included in the calculation of your cumulative college GPA and will affect your TOPS continuation eligibility.

The ACT score to qualify for the TOPS Opportunity Award is equal to the prior year's state average, but never less than a 20. The minimum ACT score to qualify for the TOPS Tech Award is a 17 (or 920 SAT). The highest composite score achieved on a single exam of either the ACT or SAT will be used to determine the eligibility. **TOPS does not consider the essay portion of the ACT or SAT in calculating the composite score needed to qualify.**

For 2021 high school graduates, a qualifying ACT or SAT score must be achieved by the ACT National

Test Date: April 17, 2021. A first-time qualifying score earned on the June 12, 2021 ACT National Test Date or a first-time qualifying SAT score earned on the May 8 or June 5, 2021 exams will be accepted, but you will be penalized one semester (or two quarters) of eligibility. Initial qualifying scores on special tests taken before July 1, 2021 for students with disabilities will be accepted. A first time qualifying score earned before September 30, 2021, may be accepted if the Board of Regents finds you were prevented from taking the test prior to July 1 of the year of graduation due to circumstances beyond your control and attributable to the administration of the test.

When registering for the ACT or SAT you **must** enter code 1595 on the ACT registration form or code 9019 on the SAT registration form.
