## **What is the purpose?**

Nurse intern positions are available to a limited number of highly motivated and qualified candidates. Positions are available within Acute Patient Care areas for those seeking a challenging and rewarding hospital career. Qualified applicants participate in an interview process designed to place him or her in areas of nursing practice congruent with their career goals and aspirations. Interns will receive hourly compensation for all program hours.

## **What is the program length?**

Upon selection, the Intern will attend a comprehensive orientation. After Orientation the Nurse Intern will begin a 6-week concentrated summer partnership with a personal Preceptor in a selected clinical area.

## **How does the program work?**

During the Internship the Intern and Preceptor will function as a team in the delivery of quality patient care. Interns meet with their preceptor and their nursing leadership sponsor for an evaluation regarding progress. The conference evaluation will provide proactive feedback that enhances learning opportunities and identifies any barriers.

## **What are the benefits to participating?**

Upon successful completion of the summer assignment, Interns have the flexibility to schedule shifts with their selected home unit in a manner that does not compromise personal and school commitments.

## **Individual Responsibility**

1. Must be available to participate in an Intern Orientation beginning May 31, 2022.
2. Available to work a full-time schedule for 6 weeks beginning May 31st. After the initial 6 weeks is complete, a minimum of 12 hours per month is required to maintain the Intern's skill level and provide further opportunity for growth.

## **Candidate Requirements**

Candidate requirements are established to promote a successful experience for both the Intern and the Preceptor. In addition to meeting the employment requirements of Baton Rouge General Medical Center applicants must:

1. Be a senior nursing student in good academic standing and enrolled in an accredited program. Graduating October 2022 – May 2023.
2. Must present a recommendation letter completed by a Clinical Faculty Member, along with official school transcript at the time of the interview.
